

Our company have been using "smazka.ru" products **MC 1310N, MC 1330, MC1330N and MC1340N** since 4.11.2019 in CRCHI DZ499 TBM that is used " İzmir Light Rail Transit System 4<sup>th</sup> Stage Construction Works Between F.Altay-Narlıdere Kaymakamlık "

Both products are easily pumpable and possess good sealing properties.

As for today 1600 meters were bored with "smazka.ru" products.
